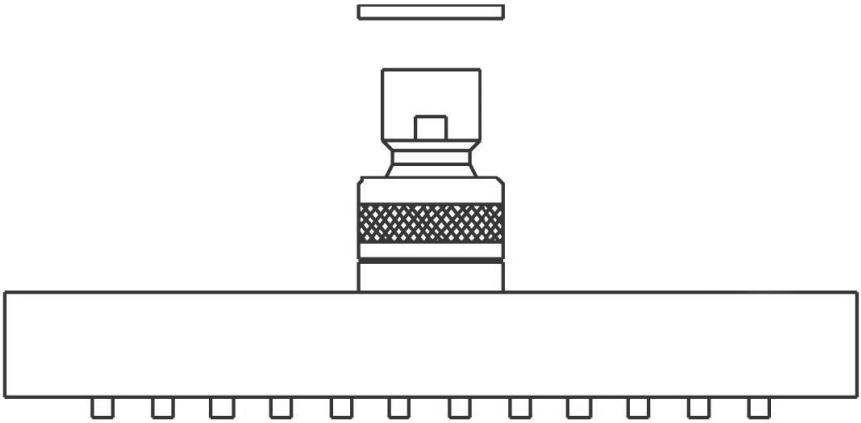
Round / Square Shower Head Installation Manual

THIS PRODUCT MUST BE INSTALLED BY A LICENSED PLUMBER

MYLIFE®

PRE-INSTALLATION CHECKS

- Please read installation instructions fully before commencing installation.
- Check that the product is compatible with your current requirements.
- Before installation, please make sure you have received all items and that they are undamaged. Any damage claims after installation will not be accepted.



CARE INSTRUCTION

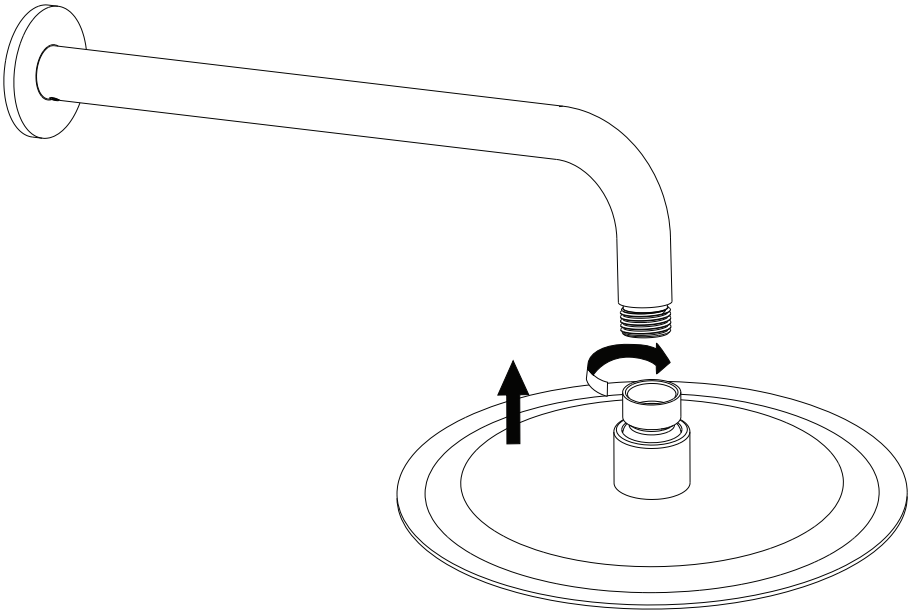
- During installation, extra care must be taken to avoid damaging the fitting or it's finish.
- This product is finished to a high standard. To keep the product surface in pristine condition, clean with a soft damp cloth only. To avoid limescale / watermarks from building up, it is advisable to wipe the fitting dry each time it is used.
- Damage to the surface caused by improper cleaning/maintenance will not be covered under guarantee.
- On no account should any bathroom cleaner be used on this product as these can contain acids that are aggressive/corrosive on finished surfaces! Do not use abrasive sponges, scouring agents, organic solvents or acidic cleaners as they may cause surface deterioration.

INSTALLATION

This product is designed to be fitted to shower arms with a male ½”BSP thread. If replacing a shower head, simply unscrew it from the shower arm and replace. The shower head comes with a swivel joint, so the head can be positioned as desired.

Tighten by hand ONLY. Check the joint and connections for any leaks, if this occurs check the condition of the washer. Replace if necessary or reseat correctly then re-tighten.

In order to maintain optimum spray, we advise that the shower rose face plate is regularly cleaned, particularly in hard water areas.



AFTER SALES & TECHNICAL SUPPORT

Our highly experienced after sales and technical support team are always on hand to help should you require technical advise or a spare part.
